During this 90-minute webinar, AAPACN master teacher Carol Maher, RN-BC, RAC-MTA, RAC-MT, CPC, will explore the reasons ICD-10-CM coding accuracy is required, as well as highlight five frequent coding errors.

This session will assist the nursing home administrator and Medicare team in understanding the appropriate steps to take to identify which diagnoses can be coded, how to ensure that the correct coding process is followed, and how to prevent the five biggest coding errors.
